

**BRIAN OLSEN**  
ART IN ACTION®

# Paint out loud.

Brian Olsen's energy is infectious. To witness the explosion of lines, shapes and colors onto the canvas is to experience creativity in its most kinetic form. It truly is Art in Action.

In less than 10 minutes Brian can turn an oversized canvas into a work of art. In less than an hour he'll turn a venue of people into a sea of creative souls. Using six brushes at a time or just his hands, he paints giant portraits of famous musicians, sports legends, iconic movie stars and historic figures. He captures the personality behind the face and to see them come to life with the last few splashes of paint is a thing of beauty.

Brian's message is optimistic, relevant and tangible. According to Brian, the paintings are merely the set up for what's perhaps the most unexpected part of the performance. The takeaway. That anyone can be creative and that everything is possible through creativity. Mic in hand, Brian engages the audience getting them involved and excited.

Brian performs regularly for corporate events, sporting events, the most private parties and festivals across the globe.

Brian Olsen began performing Art in Action, his unique brand of performance art, in 1998. Brian is the one and only understudy of Denny Dent, pioneer of the art form.

Brian Olsen is the marquee name that you cannot do without!
