

## **TECHNICAL & HOSPITALITY RIDER REQUIREMENTS**

### **Dressing Rooms**

- 2 large dressing rooms with full body mirror, in close proximity to restrooms
- Bottled water, a variety of snacks, and juice to accommodate approximately 10 people

### **Staging Requirements**

- Approximate stage size should be 30 ft X 30 ft, but can work with alternate sizing
- Ishaara requires a clear, private space off-stage/in stage wings for live costume changes. Quick change booths are preferred.
- Two stagehands: one to accommodate lighting needs and one to be a runner. Additional stagehands may be required for shows exceeding 10 minutes in length.
- Ishaara requires a working stage surface, but does not have particular flooring needs. We would prefer surfaces that are not too slick, as performances usually consist of barefoot dancers.

### **Lighting / Electricity**

- Need four washes upstage, downstage and center
  - o Wash colors: warm amber, deep red, bright blue, white
  - o We will work with the lighting director
- Side lights white and amber
- **OPTIONAL:** Cyc. in three colors (which can be mixed to create other colors)
  - o Blue, red and amber

### **Special Effects:**

- One follow spotlight
- Standard strobe lights to create powerful strobe effect
- Fog (preferably low-lying fog, if available) to add dramatic effect

### **Sound:**

- Standard surround sound audio capabilities – unless otherwise specified, music will be played from a CD
- No microphones required, unless old classical Indian dance is requested
- Monitors from off stage right and left

### **Transportation:**

- 2 large passenger vans to transport costumes / props and 10 performers
