Marco captivates the audience. He makes technology seem easy.
Ingo Reese, Public Relations Manger, AOL Bertelsmann

Unmatched talent and innovation. Unparalleled skill and artistic vision. Marco Tempest's blend of technology and illusion creates the magic of tomorrow, today.

Marco's cutting-edge capabilities utilize the newest, most advanced forms of technology, and his performances can be tailored to communicate any event theme or message. His exploration of new media is consistently growing and evolving, producing unprecedented magical effects. Marco's eyes remain on the future and his performances remain one step ahead of his audiences.

With an innovative combination of computer-generated video, music, and stagecraft, Marco creates illusions that engage the senses and stir the imagination. The magical and the futuristic converge.

corporate events

Marco will create a performance for your event that fuses illusion with technology in ways you've never imagined possible. A product demonstration on a trade show floor. A sales meeting in a hotel ballroom. An industry announcement in a 15,000 seat arena. Whatever the venue, Marco creates the perfect experience to serve your needs.

Business Meetings / General Sessions Marco's cutting-edge multimedia presentations captivate audiences of all ages and demographics. Each performance – perfectly styled for your corporate brand and event theme – can be of any length and can include astonishing executive reveals and extraordinary opening, closing, and interstitial segments. Enhance your next meeting, whatever the size, with the magic of Marco Tempest.

Product Launches Use Marco's digital magic and illusion techniques to introduce your new product with the panache it deserves. Marco will incorporate your product and branding art into his performance, illustrating product features using technologies as new as the product itself. He can even create specialized product reveals that interact between real and digital worlds.

Trade Shows Let Marco create a buzz across the trade show floor. With amazing feats that astound audiences, Marco will ensure attention and acclaim for your product. Each performance is adapted to suit a trade show environment, including interactive segments that engage audience members and generate interest for your product and your brand as a whole.

Awards Shows A natural and gifted performer, Marco has hosted awards shows internationally and can deliver performances in English, German, and Japanese. Marco's dynamic stage presence and mind boggling illusions make each performance a delight for the audience.

It really surpassed all my expectations... one of the best shows I've ever seen.
Jean-Marc Hunziker, Event Manager, IBM

No limits. Marco's experience and abilities extend beyond live performance into video, web, television, print and other multi-media campaigns. Allow him to demonstrate how he can provide you with amazing and imaginative turn-key solutions integrating several forms of media into one electrifying campaign.

Marco's internet videos have been featured on Jay Leno's Tonight show, dozens of NBC & MSNBC stations across the country and in the New York Daily News. They were also included in HBO's comedy awards special with Marco creating a viral video magic piece just for the show. In addition, the United Nations commissioned Marco to create a special viral video to promote its Millennium Campaign against poverty.

customization

Your options are as limitless as Marco's creativity. Build brand identity with an awe-inspiring animation of your logo. Conduct a virtual demonstration of a new product. Invite audience members into a digital-world of their own design. Whatever the theme, Marco Tempest will translate your communication objectives into an astounding and unforgettable performance.

Marco's charisma, humor, and style adapt to every setting in order to create an event uniquely suited for each client's taste, product, and theme. His use of the most sophisticated magic and the most refined technology will create a memorable performance that will inspire audiences while promoting the company's product.

For the international crowds...this show is perfect. It's fast paced, entertaining, very professional, and a lot of fun.
Event Manager, Nissan Europe

Marco Tempest's success has reached global proportions, and his expertise has garnered accolades the world over. A strong choice for international audiences, Marco Tempest is proficient in English, German, and Japanese.

background

For years, Marco's masterful blend of digital media and magic has enabled audiences to glimpse the future before technology gets there.

At age 22, Marco captured the prestigious New York World Cup of Magic, launching him into international prominence. He has been seen on over 50 major international television shows in London, Tokyo, Zurich, New York, Los Angeles, and Barcelona to name just a few. Highlights include Disney's Night of Magic on the Disney Channel, Champions of Magic for ABC Television, The Best of Magic on Thames Television, and the recent International Digiglobe Awards in Hanover, Germany.

In the business world, such innovation leaders as Panasonic, Sony, Apple, and Lucent Technologies have found Marco's work to be the perfect way to present their newest products and innovations. Internet giant America On Line used Marco to introduce their newest browser to the European market at Europe's largest high-tech trade show.

In the automotive industry, Marco has used his next-generation illusion technologies to introduce the hottest new cars for Mercedes, Audi, Nissan, Toyota, and Daihatsu at events ranging from private product launches for local dealers to some of the largest auto shows in the world.

Marco's abilities allow audience members to enter every virtual space imaginable including the inside of the human body. A popular choice in the health care and pharmaceutical industry, Marco has lent his creative mastery to Johnson & Johnson, Parke-Davis, Pfizer, Searle and Alza Corporation.

His work is constantly changing: as new technologies evolve, Marco Tempest finds captivating ways of turning those advances into compelling illusions.
