

THE UMBILICAL BROTHERS

TECHNICAL RIDER

Page 1 of 1

SOUND

- ✓ 2 hand held radio mikes
- ✓ 2 lapel / lavalier mics (one of these needs to be a small head mic)
- ✓ cd player
- ✓ High quality sound system: please note that limiters or compression must not be used in the system, as they will affect the performance significantly.

STAGE

- ✓ Audience must be able to see the entire bodies of the performers. Raised stage is preferable.
- ✓ Front on seating aids the performance greatly. Thrust or “in the round” stages limit certain scenes.

LIGHTING

- ✓ Quality general wash required.
- ✓ Two follow spots is optional

PROJECTION

- ✓ With audiences exceeding 1500, it is highly recommended that the performance is projected on Image type screens.

PERSONAL ACCOMMODATIONS FOR MR COLLINS AND MR DUNDAS

- ✓ Two large bathroom towels
- ✓ Spring water
- ✓ Selection of sandwiches including meat and non-meat options
